Environmental Policy

A small, family run Construction Company that goes that extra yard to provide a quality service to our clients.

Our company is run by a small, experienced, qualified and well motivated management team, lead from the front by the Managing Director Mr. David Garner.

We have adopted an Environmental Management System, designed to meet the requirements of BS EN ISO 14001:2004 and we are committed to:-

- A greener and cleaner environment for all
- Prevention of pollution in all areas of operation
- A programme of continual improvement in everything we do
- Keeping ourselves aware of and compliant with all current legislation
- Reduce the use of natural resources
- Minimise waste and maximise recycling / reuse

Environmental targets and objectives are set out for our business that is checked regular management and supervisory actions together with independent internal and third party audits.

We believe and promote that all our directly employed personnel together with any specialist sub-contractors and suppliers are responsible for the adherence to environmental targets, objectives and management programmes.

Our people will receive the appropriate levels of training and awareness to ensure that due emphasis is placed on the protection of the environment and site care/cleanliness.

Recycling and reuse of materials will be carried out where possible and where not, due care will be exercised in respect of waste disposal in accordance with current guidelines and legislation.

This policy is communicated and made available to all company personnel, supply chain, members of the public and other interested third parties.

Signed.....

Date: 1st March 2020

Jennifer Burrows

Director Responsible for Quality, Health, Safety & Environment
